GENERAL INSTRUCTIONS
MIXING AND SPRAYING
Shake the container thoroughly before use. Pour through the filter into the tank three quarters filled with water, whilst agitating. Top up with water and continue to agitate until spraying is completed.

PRECAUTIONS
Avoid application under extremes of climate e.g. Rapid drying conditions, extremely slow drying conditions, frost or rain when frost or rain are anticipated

COMPATIBILITY
RUTEC products are widely compatible with many agrichemicals. Contact your distributor for information.

STORAGE AND DISPOSAL
Store in the closed original container, in a well-ventilated area as cool as possible. Protect from frost. Do not store for prolonged periods in direct sunlight.

Triple rinse containers before disposal and add rinsates to tank mix or dispose of rinsates in a disposal pit away from desirable plants, their roots and watercourses.

On-site disposal of undiluted chemicals is unacceptable. Destroy empty containers by breaking, crushing or puncturing them.

Disperse the containers at a local authority landfill that does not burn its refuse. If there is no local authority landfill readily available in your area, bury the containers to a depth of 500mm or more at a licensed/disposed disposal site. In some states wastes can only be buried at a licensed landfill. Do not burn empty containers or product.

SPILLAGE
Hose small spillage (less than 1 litre of concentrate) away with a large excess of water. Large spillage should not be directed to drains. Large spillage should be absorbed in sawdust or sand and the absorbent material containing the product disposed of in a sealed container at an approved disposal site.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT
Do NOT contaminate streams, rivers or waterways with the chemical or used containers.

SAFETY DIRECTIONS
Harmful if swallowed. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling. Avoid inhal ing spray mist.

FIRST AID
If poisoning occurs, contact a doctor or Poisons Information Centre Ph: 13 11 26. If in eyes, flush with water for 15 minutes and see a doctor.
